## Power Management Company Becomes Member of IREM New York Capital Region Chapter

Albany, NY - Power Management Company, an independent energy advisory firm that provides strategic energy consulting services, announced today that they have become a member of the New York Capital Region Chapter of the Institute of Real Estate Management (IREM).

"Power Management has long been an energy advisor to top property management firms across the state, and joining the IREM Capital Region Chapter is part of our ongoing commitment to that sector." said Mike Hedges, Vice President of Sales at Power Management Company. "As an independent energy advisory firm, we understand the importance of building relationships within the industry, and we look forward to collaborating with IREM members to provide the best energy solutions for their properties."

Nick Bernal, a Power Management Sales Team Member, based in the Albany market, added, "At Power Management, we don't just stop at energy procurement, we find ways to help organizations take advantage of renewable energy options like community solar, obtain access to EV Chargers, and create a forward thinking energy management plans." Continuing with, "By joining IREM, we hope to gain insight into the unique energy needs of the local commercial real estate market and offer our expertise to help property managers achieve their energy goals."

IREM is an international organization dedicated to the professional development of property and asset managers. With over 20,000 members, IREM provides a network of support, education, and resources to its members. By joining the Albany chapter, Power Management Company will be able to connect with local property managers, building owners, and real estate professionals to further expand their services and reach.

### **About Power Management Company:**
